

Oval Extensions

Let us finish the conversation...

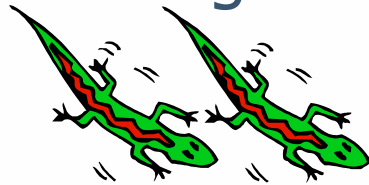

The Prologue

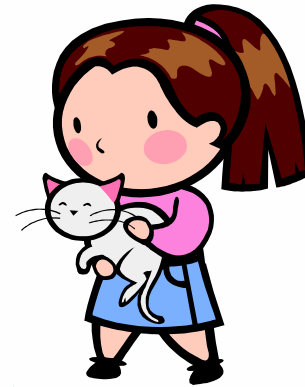

- Hi! Have you heard that there is a new *health issue* that may affect your family, it is called the **Gödel-Third Theorem (GTT)** .

Establishing the conversation

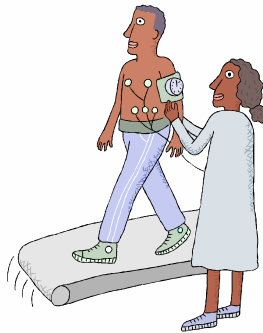

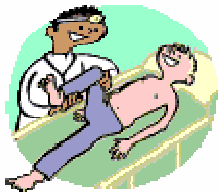

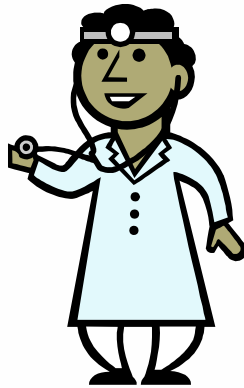

- Does it affect cats?
- Does it affect dogs?
- Does it affect geckos?

- What is it's
<definition>?

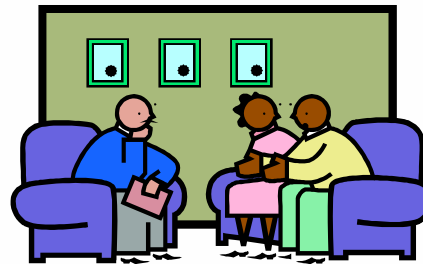

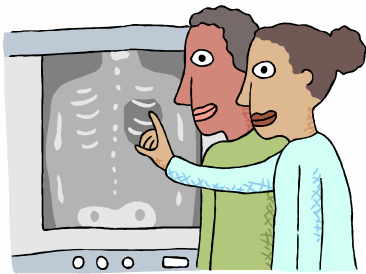

Testing for the condition

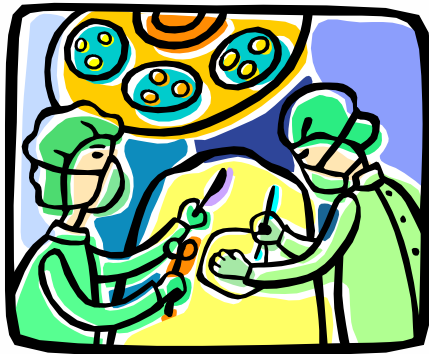

- Where is what I need to test to see if there is a problem...
- Needs filtering...
 - Sex
 - Ethnical Group
- The <criteria> referring to <tests>

Is this where things naturally end?

That's All Folks

What can you do Doctor?

- See if it clears up by itself
- Instruct
- Some pills
- An operation
 - Removal (appendix)
 - Repair (heart)
 - Replace (transplant)
 - Augment (hip pin)
- <solution> containing <alternative>s

HMO Solution

- The solution that works for many people
- AND the solution that is the cheapest

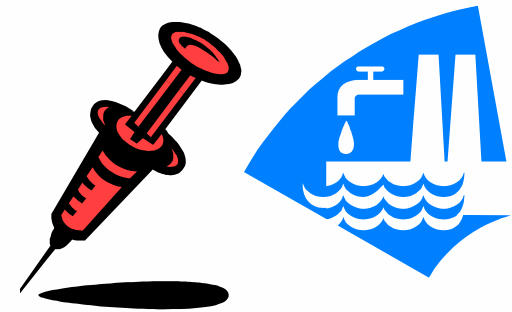

Paranoidia !

- A vigorous response

Does not satisfy everyone..

- This is often the initial patch released to deal with the problem
 - “fluoridation of water”
 - “compulsory vaccinations”
 - “defining a new disorder that happens to have a *new* drug to cure or help”

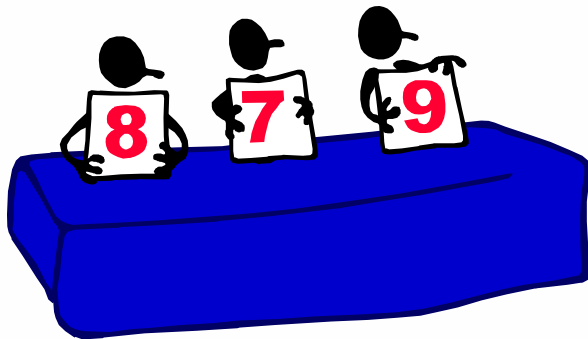

Other solution factors

- Costs
- Resources (Queue)
- Non-conventional
- Comfort level

A fully informed decision

- Many alternatives
- Many may have other effects...
 - Good and Bad!

The Cascade
